

Investigations

Henderson Risk Limited provides high-quality, individually-tailored products to support and guide our clients in the commercial decision-making process.

HRL provides investigative services to meet briefs in litigation support, fraud investigations and asset recovery. HRL's Insight and Investigations division can also advise in cases of surveillance and provide technical surveillance counter measures.

HRL offers overt and covert investigative services to meet any size of brief from personalised individual investigation to larger intelligence cells. Our investigators work with a network of consultants and regional associates to gather sensitive information unavailable through commercial channels and open sources.
